

# LEXIE SURETTE

Lexie is in her final year at Bridgewater State University where she is double majoring in Elementary Education and Dance Education. Lexie has been dancing since age two and began competing at just five years old. She joined the Express family at an early age and competed as a team member and soloist until entering college.

While studying at BSU, she was Vice President of the Refined Movement Dance team, served as Secretary for the National Dance Education Student Organization (NDEO), and choreographed and danced for the BSU Dance Company.

Lexie has been teaching classes and workshops at various studios in MA, and is the resident choreographer for BMS Drama in Bellingham. She is honored and excited to be back at Express to share her knowledge, experience, and love for dance with the students of Express.
